Dear William:

In answer to your letter dated February 5, 1964, this is to advise that a letter was sent to Mr. Bobby Hambright stating that the monument was complete and ready for inspection by the committee.

Upon inspection from the committee and proper lettering brought to me when inspected, I will be glad to go ahead and complete this work.

If the committee can meet with me on February 12, 1964, around 2 to 4:00 and will bring me the lettering, I will erect the monument two or three days after that date.

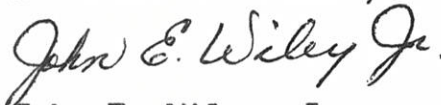

I wish if it were possible, you would come with the committee and bring your dad.

I hope you and all the family are well.

With kindest regards, I remain

Yours truly,

Dear William:

Your favor of last November 29 was received in due course and I have been waiting to hear further on the subject from either Bob Hambright or John Wiley.

I saw John Wiley in York when Tracy's wife died and he told me that he was having the inscription work on the marker done in Gastonia and he thought it would be ready for inspection the following week, and that he would get in touch with me. I have not heard anything from him about it.

Trust all of you are well and, I am

Sincerely yours,
